**Please Note: Although the Legal Assisting Internship may be taken by Post-Baccalaureate Certificate students during their second semester, it may be desirable to take this internship alone, in the students' third semester.

The Legal & Paralegal Studies Program is offered for paralegal education and provides course work and practical experiences designed to develop the knowledge and communication skills necessary for contribution to the legal profession. Paralegals may not provide legal services directly to the public except as permitted by law.

Students must take at least nine (9) semester credits of Legal Specialty courses through synchronous classroom instruction (i.e. through traditional classroom instruction or “meeting” online through supported software such as Blackboard Collaborate or Zoom that allows the instructor and students to hold virtual meetings with audio and visuals).

This Certificate also serves as an excellent “pre-law” track for student wishing to go to law school.
