 - d. **Allow to Add for Time Conflict** – This allows a student to register for a course whose time conflicts with another course on the student's schedule. This should be used with caution.
 - e. **Allow Access to Different Level** – Used to allow a graduate student to register for an undergraduate course.

9. You may add more overrides for this student on the same screen by selecting from the drop-down menus on the second and third lines. Click **Submit**.
10. You will be prompted to confirm that you want to apply the override(s). Click Submit. Once you click Submit on this screen, the override can only be removed directly from within Banner by the Registrar's Office or another user authorized to access Internet Native Banner (INB).
11. The student must now go online and register for the course.
12. To enter a **Registration Override** for another student, Click the **Return to Menu** link at the top left of the screen. Click **ID Selection** from the menu to choose another student.
13. When you are done using the Faculty Portal Services, close the browser window (do not click the Exit link – instead click the red x to close out of the window)
