Toledo, OH 43606

Dear Mr. O'Brien,

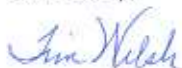

Congratulations! The College Swimming Coaches Association of America is proud to recognize your Women's swimming team with CSCAA Scholar All-American Team honors for the 2009 Fall semester.

The College Swimming Coaches Association selects and honors teams as Scholar All American Teams twice a year, once after each semester (Fall/winter, and Spring). To earn CSCAA Scholar All American team honors, a swimming team must have a minimum of a 3.0 GPA (or converted on a 4.0 scale) for the semester. Based on the team's GPA this fall, your team has earned CSCAA Scholar All American Team honors for the Fall 2009 semester.

A complete listing of schools in all divisions who have achieved this honor can be found on the CSCAA website (www.collegecoaches.org).

Congratulations again to your swimmers and divers for their academic achievements as student-athletes.

Sincerely,

Tim Welsh
Division I Representative
College Swim Coaches Association of America
